

## SUMMARY

## Problem of the Invention

5 The object of the invention is to provide a powder composition and a dispersion of powder in oil which provides good water resistance and sebum resistance, a low aggregation tendency and an excellent dispersibility in various oils and is also to provide cosmetics comprising same to provide users with satisfaction.

## Means to Solve the Problems

10 A powder composition comprising silicone according to the following formula (1) and powder and/or a coloring agent, a dispersion of powder in oil in which the powder composition is dispersed, and the cosmetics comprising same,

15 wherein  $R^1$  may be same with or different from each other and is an organic group selected from the group consisting of  $C_{1-30}$  alkyl groups, aryl groups, aralkyl groups, fluorinated alkyl groups, amino-substituted alkyl groups, carboxyl substituted alkyl groups, or polyoxyalkylene groups,  $R^2$  is a polyglycerin derivative, and  $R^3$  is organosilicone.
